

15th Annual ADNAT CONVENTION

A three-day Symposium on Genomics and Biodiversity
23rd – 25th February 2011

Hands-on Training course on Molecular Methods for Characterization, Conservation and
Utilization of Biodiversity
26th February – 12th March 2011

..being organized jointly by
Association for Promotion of DNA Fingerprinting and Other Technologies, Hyderabad
Centre for Cellular & Molecular Biology (a CSIR Institute), Hyderabad, India

Dear Colleague.,

Sub: Invitation to participate in the 15th Annual CONVENTION of ADNAT: Intl. Symposium on "Genomics and Biodiversity", February 23-25, 2011, and Training course -reg.,

It gives me immense pleasure to inform you that ADNAT (Association for Promotion of DNA Fingerprinting and Other DNA Technologies; <http://www.adnat.in>) is organizing its 15th Annual Convention in February 2011 (<http://www.ccmb.res.in/adnat15/index.html>) along with the premier research institute of India, CCMB (Centre for Cellular and Molecular Biology, Hyderabad; <http://www.ccmb.res.in>). ADNAT was founded in the year 1993 with an objective to promote awareness/impart training about modern genomic tools and their possible applications in: basic biology, forensics, human health, agriculture, environment. The first major achievement of ADNAT was organization of the 3rd International Conference on DNA Fingerprinting (December 1994) at Hyderabad. Since then as part of its annual convention, it organizes a Symposium and a Training Course on an emerging area of modern biology with eminent speakers from India and abroad, which are well attended by researchers, teachers and students from all over India.

The theme of the 15th ADNAT Convention is **Biodiversity**, and it comprises a three-day Symposium on **Genomics and Biodiversity** (23rd -25th February, 2011) followed by a two-weeks Hands-on Training Course on **Molecular Methods for Characterization, Conservation and Utilization of Biodiversity** (26th Feb – 12th March, 2011).

For more details and to register, please visit the Convention Web site: <http://www.ccmb.res.in/adnat15/index.html>

I am delighted to extend an invitation to all colleagues working in the field of life sciences/ biodiversity/Agriculture/wildlife conservation, to join us in Hyderabad, India in February 2011 for the above convention, which is only 3 months away. It is now time to take advantage of early registration to attend the symposium /present your work.

I also request you to kindly circulate this information to all those who are interested.

We look forward to greeting you in Hyderabad in February 2011 for participation in the ADNAT 2011 Convention/ Symposium.

Sincerely yours,

Ramesh K Aggarwal/ K. Thangaraj/ Rajeev Varshney
Conveners

15th ADNAT Symposium on "Genomics and Biodiversity".
